Brought to you by BJOG

Come to the BJOG workshop to find out how to give your paper the best chance of being accepted.

The workshop will include advice on how to prepare your submission, structure your paper and an insight into what Editors hate.

Find out what goes on behind the scenes in the Editorial Office and understand the initial checks that must be passed before your paper even reaches the Editor.

Hear about the editorial and peer review processes, improve your understanding of publication ethics, good reporting guidelines and registering clinical trials.

There will also be a chance to hear from the publisher, Wiley-Blackwell, about impact factors and how widely your article will be distributed and accessed.

Registration for the workshop is £10 and is open to delegates attending BICOG 2010 only. Please complete the registration form overleaf and return to:
